Bill Miller.....Henkel Corp.	
Chief Moss.....CPD	

Old Business: The Whip Drill was discussed among the group. Richard stated the next meeting would be Jan. 6th at Station 1 EOC. He stated the drill would be in March of 2009 and that any LEPC member who wants to volunteer or wants to observe to let him know. Kristen stated once the date for the drill is established she will post it on the webpage.

Kristen stated that all minutes of our LEPC meetings are now posted on the webpage. She also reminded everyone that it is time for Tier II Reports and that she would put an announcement on the webpage in Jan. There will also be an e-mail announcement sent out to the GCLEPC member list. Richard discussed some changes to the files that would benefit EMA in identifying which plant they were dealing with when the reports came in.

The 2008 goals were discussed among the group. Kristen stated we had accomplished many of the goals we had set forth for 2008 and that we would be working on the new goals for 2009. She asked for volunteers for a Public Outreach Committee to help get more information about the LEPC out to the people. Several people volunteered to get this accomplished.

New Business: 2009 Goals will be addressed next month.

Special Presentation: Emergency Response Information System (E-Plan) & EPCRA Updates were presented by Deanne Grant and Vinson Poole of the U.S. Environmental Protection Agency.

Lunch was provided for the LEPC members. It was catered by Cracker Barrel.

Kristen asked for a motion to adjourn the meeting. Richard motioned that the meeting be adjourned and Bill Miller seconded. All were in favor.

Next meeting will be **Jan. 14th, 2009 @ Station 1 EOC 10 AM**
